User Story #	As a user, I want to...	so that...
1	log in with my google account	I don't have to sign-up with my email.
2	log out of my account	I can switch to other account or stay offline.
3	recover my password	I can sign-in to my account if I forgot my password.
4	change my password	I can log in with my new password.
5	edit my profile	I can update my personal information.
6	view other user's profile	I can learn more about other users to decide if I am going to contact them.
7	create a new housing post	I can show other users my house that needs to be rent out and find users that are willing to rent it.
8	edit my housing post	I can update information of the posts when there are any changes happening.
9	delete my housing post	I can stop getting replies once I finish finding a person to rent my house.
10	view other people's housing post	I can see the details of their house and spare rooms.
11	sort housing posts	I can save time by viewing post sorted according to price and term length.
12	add housing posts to my favorite	I can save the posts that I am interested in to my favorite list.
13	view the posts that I have selected as my favorites	I can recheck the information of the posts that I am interested in and selected as my favorites or I can make decision solely from my favorite posts.

14	view recommended roommates	I can save time by viewing a list of roommates sorted by the matching score.
15	chat with other users	I can communicate with other users.
